## THE MOST SOPHISTICATED DISTILLERY IN THE NATION.

Balancing art and science. Honoring tradition and pushing innovation. Accepting old wisdom and embracing new ideas. We are the Bardstown Bourbon Company - operating one of the most state-of-the-art distilleries in the country. With a focus on transparency — all open spaces and clear glass — we put the science and craft of whiskey-making front and center for all to see. Our Collaborative Distilling Program raised the bar on customizability, flexibility, and quality with spirits distilling — **distilling over 50 mashbills for our customers who include some of the best brands in the industry.** Now that power is combined with a state-of-the-art bottling facility coming summer 2021.

## THE HIGHEST PERFORMING TEAM, WITH THE HIGHEST STANDARDS, IN THE INDUSTRY

Technology only goes so far without a knowledgeable team. The bottling facility management team possesses a unique and extensive experience in spirits bottling, food safety, quality assurance, regulatory measures, and much more.

Bardstown Bourbon Company's high quality team will consist of chemists, packaging technicians, and lab technicians for an unmatched level of scrutiny and precision, working in concert with operators well-versed in high-speed and specialty bottling. Our maintenance team is trained in quality practices and machine automation, and the processing team will work toward specific KPIs, such as juice loss, to provide the best customer service experience in the industry. Our team works with precision to meet all custom specifications and guidelines.

As well, our processing, laboratory, and bottling facility operate at the highest food-grade levels, including HACCP Certification and ISO 22000 / 9001 standards. Inquire about all our certifications and quality-focused approach.

# COMPLETE SOLUTIONS...

*from* DISTILLATE *to* RETAIL SHELVES

## SERVICE

*Assist and guide our customers through the entire process start to finish*

## GROW WITH YOU

*Ability to scale production as you and your brand grow **with no volume minimum**. We work with both **craft distilleries and global brands across multiple spirit categories***
